B. Kasbati Co Views and Recommendations

1. Though the Penalties are very high and Jamaat e Islami has strongly opposed those higher Penalties and your support will lead to changes in law of reducing these.
2. Having stated above, it is recommended to abide by Traffic Rules for safety and security, as the undersigned team members have closely witnessed the relevant department with all proofs of defaulters and clear photos, and hardly anyone can deny, with few exceptions.
3. Although all the Commentaries are to the extent of the Subscribed IDs only, however, your Goodself is allowed to share this QC in your Entity and Pubic at large for the Noble Cause to Impart Knowledge and save their precious money and time.

C. Updated Commentary

1. Further to KQU 3681 of 2.12.25, **being an important matter**, we would inform you about Video by Mr Fraz Nizam [Lahore: Massive Challan Drive Fills Police Stations - Students and Laborers Arrested with Bikes \(Attachment 3389.1\)](#) in ensuing paragraph, with emphasis ours in **bold & Underline** for quick reading.
2. The video reports on a *massive traffic crackdown in Lahore*, where police are issuing fines (challans) at such a rapid pace that police stations are filling up with offenders. The campaign is strict and spares no one—students, labourers, and everyday commuters are all being stopped and fined

D. Key Details

1. **Massive challan drive:** Lahore police have launched an aggressive campaign against traffic violations.
2. **No exceptions policy:** School and college students on motorcycles, labourers on work vehicles, and regular commuters are all being fined.
3. **Police stations filling up:** The sheer volume of challans has led to overcrowding in police stations.

- 4. Public reaction:** The crackdown has sparked debate, with comparisons to Karachi's controversial e-challan system, which left citizens shocked by multiple fines in a single day.
- 5. Anchor coverage:** The report is presented by Fraz Nizam, highlighting the scale and intensity of the operation.
- 6.** This video captures the tension between strict enforcement and public frustration over traffic fines. Would you like me to break down the **differences between Lahore's crackdown and Karachi's e-challan system** so you can see how each city is handling traffic violations?
